		^ Milestone course		Semester Credit Hours	16
TOTAL SEMESTER HOURS					30

c = Can be concurrent m = Must be concurrent

The PRACTICAL NURSING program is two semesters and contains a sequence of clinical classes that begin in the fall semester each year. Entrance into this clinical sequence is limited to students who have successfully completed the entrance requirements. Copies of the entrance requirements are available from the Admissions Office. An acceptable Bureau of Criminal Identification and Investigation (BCI&I) report/FBI background check and drug screening are required in order to enter the clinical sequence. The Nursing Department publishes a Program Policy and Procedure Manual, which delineates specific department/program policies, which are not explained in the general catalog. The specific policies as described in the department's Policy and Procedure Manual take precedence over any general policy outlined in the College catalog. A copy of the Policy and Procedure Manual is available in the Admissions Office.

Students may begin non-PNUR courses any semester. A minimum grade of 77% is required in BIOL1730, BIOL1101, and BIOL1550 to meet prerequisite requirements. A minimum grade of 77% is required in all PNUR classes in order to meet prerequisite and graduation requirements.

* Successful completion of a developmental English and mathematics prerequisite requires a grade of C- or above in the course. Developmental English and mathematics course prerequisites can also be attained through placement testing. See the [14-092 Standardized Testing Cutoff Scores](#) chart for specific tests and test scores.

** Mandatory Math Placement - All incoming students will be required to provide ACT scores or take a placement test and based on their scores, students will be placed in appropriate mathematics courses. Successful completion (C- or better) of any math course is required in order to advance to the next higher-level math course.

The College strongly recommends that students be covered by hospitalization insurance, which can be purchased through a private carrier. To obtain a brochure regarding insurance, contact the Student Success Center. (Rm 103 Kee Hall) or call toll free 888-755-4899, ext. 4761 or locally 419-755-4761.
