## Adjunct Faculty – Anatomy & Physiology

### NEEDED FOR SPRING SEMESTER 2022

North Central State College is seeking adjunct faculty to teach the following lecture and lab courses for Spring semester 2022, beginning January 18, 2022. Sections available are afternoon and evening on Monday/Wednesday and Tuesday/Thursday.

Course
<p><b>Human Anatomy &amp; Physiology I (BIOL 2751)</b></p> <p>This course is an in-depth study of the principles of human anatomy and physiology. It includes the study of structure and function of the body as a whole and study of cell biology, histology, the integumentary, skeletal, muscular, endocrine, and nervous systems plus the special senses. Laboratory exercises are designed to supplement lecture topics and include microscopy, the study of models, cat and specimen dissection, cadaver study, and physiological experiments.</p>
<p><b>Anatomy &amp; Physiology II (BIOL 2752)</b></p> <p>This course is a continuation of BIOL 2751. It includes the study of structure and function of blood and cardiovascular, lymphatic/immunity, digestive, respiratory, urinary, and reproductive systems. Laboratory exercises are designed to supplement lecture topics and include microscopy, the study of models, cat and specimen dissection, cadaver study, and physiological experiments.</p>

**Qualifications:** Master's degree in biology, biochemistry, or a closely related discipline, with at least 18 graduate credits in biology.
