

Position Announcement

Biology Adjunct Faculty

NEEDED FOR SUMMER SEMESTER 2023

North Central State College is seeking adjunct faculty for Biology for Summer semester 2023 for the following:

Course	
BIOL 2752 - Anatomy and Physiology II This course is a continuation of BIOL 2751. It includes the study of structure and function of blood and the cardiovascular, lymphatic/immunity, digestive, respiratory, urinary, and reproductive systems. Laboratory exercises are designed to supplement lecture topics and include microscopy, the study of models, cat and specimen dissection, cadaver study, and physiological experiments.	Lab and Lecture coverage needed. Flexibility with schedule.

Minimum Qualifications:

- **For Lecture:** Master's degree in biology, biochemistry, or a closely related discipline, with at least 18 graduate credits in biology.
- **For Lab:** Bachelor's degree in Biology.
