

RN Adjunct Faculty - Nursing Clinical NEEDED FOR SPRING 2026

North Central State College is seeking adjunct faculty to teach the following for Spring semester 2026.

<p>Advanced Concepts in Nursing II (RNUR 2050)</p> <p>This course is designed to assist the student in integrating and expanding concepts and skills learned in previous nursing courses. Critical thinking will be utilized in implementing the nursing process to maintain and/or restore optimal level health and behavioral adjustment for individuals with complex nursing needs. Theoretical content and clinical experiences will focus on the stress-adaptation process as it relates to the basic human needs of mental health and behavioral adjustment, oxygenation, nutrition and elimination, and safety and security. Skills of self-evaluation and work organization will be developed. Knowledge regarding basic and therapeutic communication concepts, diet therapy, pharmacology, developmental levels/tasks, community health and resources, culture, and ethical/legal boundaries are integrated in the course. Clinical experiences are planned which allow the student to meet the course objectives in different settings (acute care hospitals, psychiatric hospitals and community agencies) and may include different shift times.</p> <p>Qualified applicants shall have:</p> <ul style="list-style-type: none"> • BSN degree • 2 years' experience in medical-surgical nursing • An Ohio or Multi State unencumbered RN license 	<p style="text-align: center;">Clinical Site Available:</p> <p>Ohio Health Mansfield – B21/2SW</p> <ul style="list-style-type: none"> • 1/20/26 – 4/14/26 (except 3/10 – 12 days) • Tuesdays • 6:30 am – 5:00 pm
<p>Health Alterations I (RNUR 1052)</p> <p>This course will continue the application of nursing care concepts, critical thinking, clinical judgment, and decision making in care of the adult client. Students will build upon foundational knowledge established in previous coursework. Emphasis is placed on the exploration of chronic health conditions and understanding of the nursing process. Students will apply the roles and responsibilities of the developing nurse, collaborating with the healthcare team to plan evidence-based care using the nursing process. Focus is placed on basic human needs, restoration of wellness therapeutic communication, health maintenance, promotion. Clinical rotations integrate emerging medical-surgical knowledge into the promotion of safe, client-centered care.</p> <p>Qualified applicants shall have:</p> <ul style="list-style-type: none"> • BSN degree • 2 years' experience in medical-surgical nursing • An Ohio or Multi State unencumbered RN license 	<p style="text-align: center;">Clinical Site Available:</p> <p>OhioHealth Mansfield Stepdown</p> <ul style="list-style-type: none"> • 1/23/26 – 2/20/26 (5 days) • Fridays • 6:30 am – 2:00 pm
