

NCSC TRAVEL EXPENSE RECEIPT SAMPLES

Event and Travel Support Deadline –

Well before the “Early bird” registration deadline, a date will be established (for each event) for Board members to declare if they are planning to attend the event and if they request travel assistance from the College.

If a Board member elects registration and travel assistance from the College, registration details, along with departure date, return date, and hotel bookings will be required along with other relevant information.

Board members may elect to take care of registrations and lodging accommodations on their own and seek reimbursement of all eligible expenses upon return from the event.

Board members are responsible to do their own bookings past the established assistance date.
