3. Refund Committee – Chair: Scott George (Registrar)
4. Research Protocol Committee (IRB) – Chair: Vacant
5. Faculty Rank Committee – Chair: Dorie Ford
6. Information System Users Group – Chair: Sheila Campbell
7. Academic Program Advisory Committee: Program Director/Coordinator

Shared Services Committees

1. Shared Services Committee – Co-Chairs: Dorey Diab & Eric Anderman
2. Behavioral Intervention Team/Crisis Assessment Team (BIT/CAT)

Charge: work on threat assessments and coordination of behavioral concerns on campus
Chair: OSU-M Assistant Dean of Students and includes the NCSC CAO, a rep from Student Services, a rep from New Directions, and campus police, and only those who ‘need to know’ to develop strategies to support students but provide a safe campus. It might be a shared services committee since campus safety and threat assessment could involve both sides of the parking lot (pending restructuring)

Key principles

1. Shared governance with input from College constituents.
2. Alignment of charge and activities with the goals of the strategic plan.
3. Establishment of a foundational infrastructure of policies and procedures for the College to fulfill its mission of student access and student success.

Meetings logistics

- Faculty and Staff representatives – current representatives may continue to serve on the committees they are already part of however; faculty & staff caucuses will each elect members to fill new vacancies.
- Depending on the strategic mission of the committee and the urgency of accomplishing its objectives, meeting frequency can take place once a month, once every two weeks, or weekly at a time that accommodates the members. If unable to decide on a meeting time, committees may establish a specific meeting time consistent throughout the year so interested faculty can choose not to teach during that time.
- As needed, committees can make assignments to members to work on in between meetings. Also, the committee may have subcommittees meet separately at other times to work on specific tasks.
- The committee will choose a recorder to take minutes. If no permanent minute-taker is agreed upon, then members of the committee will rotate in taking the minutes.
- Minutes should include major areas discussed in the meeting, decisions made, and action items with name of member responsible for these actions. Minutes will be posted in the standardized college internal portal (the SharePoint file storage area) after they are approved by the committee. Minutes will be kept and will be archived thereafter. Font recommended is Times New Roman, size 12.
- All meeting materials (agendas, minutes, and documents) will be distributed to members before the meeting, no later than two days in advance, to allow adequate time to review the documents.
- Committee members are responsible for notifying the chair in advance if they can't attend the meeting.
- Reports should be reviewed and approved by all committee members prior to releasing them to the public.

Professional Demeanor

- Members are expected to be civil and positive communicators, listening to one another, and discussing the ideas in a professional manner.
- Members are expected to seek input from the constituency they represent.
- Members are expected to publicly support the decision of the whole committee once that has been made.
