

3357:13-14-16 Academic Major Policy

All degree/certificate-seeking students will be required to declare an academic major while registering for their first term at North Central State College. Students who are undecided about a major, but know a general area of interest, must choose an academic focus (predetermined cluster of common courses within a discipline group). Post-secondary students who are undecided about an academic focus will be referred to Career Development Services to complete a career assessment and discuss results with a career pathway coordinator to help them find an education/career path suitable for their goals. Federal financial aid is not available for students who have not declared a major. See also: [14-161](#) Procedures for Declaring/Changing an Academic Major.
