

3357:13-14-45 Late Withdrawal Policy (Student Initiated)

North Central State College recognizes that sometimes students experience extenuating circumstances that create extraordinary hardship, prohibiting students from withdrawing from a class by the official semester deadline, or Last Day to Withdraw. Students who have missed the published Last Day to Withdraw because of these extraordinary circumstances can request a Late Withdrawal up to 6 months following the end of the semester in which the course was taken. Petitions will not be considered for courses that have been used to graduate or for courses for which a grade of C or higher is earned. Documentation is required to support a student's petition.
