

3357:13-17-03 Integrated Planning and Resource Allocation Policy

To enhance efficiencies, focus resources and ensure all new initiatives are aligned with the college's strategic mission, the following policy shall be enacted: New initiatives that support the college mission and have the potential for a significant return on investment are welcome. In order to ascertain this significance and potential return on investment a standardized process for the review of any new initiative will be followed by the procedure outlined in procedure [17-031](#).
