

## 3357:13-14-70 Academic Probation and Veterans Administration (VA) Benefits Policy

Veteran students and eligible dependents that have been certified for VA benefits are subject to a satisfactory progress standard specified by the Veterans Administration. These students will forfeit their certification for benefits when, after one academic term of probationary status, they fail to improve their quarterly grade-point average during their next term of credit course enrollment. While VA benefits must be terminated, these students are subject to the academic suspension and dismissal policy.
