

# Program Assessment Report

CRMA					
16/17 Program Assessment Report			BASELINE YEAR		
Outcomes: CRMA AAS Program (Police Academy)	Outcome 1 (See below program outcomes)	Outcome 2 (See below program outcomes)	Outcome 3 (See below program outcomes)	Outcome 4 (See Attached below outcomes)	Comments
<b>Course CRMJ1070</b> Assessment What would you do, Juvenile Dilemma exercise in OPOTA 3-7 unit <b>Benchmark B- or higher</b> <b>Faculty Strouth</b>			<b>Threshold Benchmark Met: Class Average of CRMA students was 94%</b>		Used the course CRMJ1090 last year and the year before...sample was too small and could not use the data. Chose a different course and a different assessment assignment. This assignment required the officers to identify the problem based upon facts, determine a resolution, explain and justify the application of the resolution. Good exercise to use as there were enough samples. Should repeat this exercise at the end of the program in May and see if results change. Used the CT rubric to analyze the assignment. Continue for next year
<b>Course: CRMJ1110</b> <b>Assessment:</b> Case Analysis – Crime Scene <b>Benchmark: B or Higher</b> <b>Faculty Strouth</b>	Threshold Benchmark Met: Average was 89%				All students will receive a B or higher on the final case analysis – “processing a crime scene” OPOTA rubric will be used. Great tool to use to measure this outcome. Results were lower than last year as students struggled with the evidence collection-tagging component. Will need to implement change in how this piece is taught in the course. Will add a few more hands on assignments so that students have more practice. Implementing this change should increase the scores for next year. Continue for next year
<b>Course: CRMJ2210</b> <b>Assessment:</b> Practical Final Scenario and Report plus Presentation <b>Benchmark: B or higher</b> <b>Faculty: Strouth</b>		Threshold Benchmark Met: Average was 88% -4% for 8.1 Writing score was an 83% the oral was 86% (both minimal decreases)			Students will earn a B or higher on the final practical scenario in unit 8 topic 1 Assignment. WAC Rubric will be used on the writing portion of the scenario and students will receive a B or higher on the oral presentation piece of the scenario SPAC rubric used. Changes were made last year which increased the scores, however, this year they declined by 4%. Will again implement more writing and speaking exercises into the program early on and towards the end. Continue for next year to measure improvements.

<b>Course:</b> CRMJ1010 <b>Assessment:</b> Ethical/Professionalism Worksheet Assignment <b>Benchmark:</b> B or higher <b>Faculty:</b> Strouth				Threshold met: Class Average was 90% on the assignment	Students will receive a grade of B or higher on the core ethical/professionalism final course assignment. CJ Ethic Rubric Used. This was a good assignment to use for this outcome. Will continue next year. need to be able to compare years data and data was not collected last year.
