Waiver

Date: _____

Student Name: _____ Student ID# _____

Major: _____

Term(s): _____

Please check the appropriate waiver for the upcoming term(s). Students may require multiple waiver forms over time due to their individual situations.

- **PRE-HEALTH WAIVER** – This is a one-year waiver for students not admitted into their identified Health program. Usually because the student has been received credit because of College Credit Plus or Articulated credit making pre-requisite courses limited. *This is issued the first term the student starts after HS graduation and ends that summer term, as they must be admitted into the program by the following fall*
- **HEALTH WAIVER** – Students who are admitted into their identified Health program. Course work required each term is set and typically less than full-time. This waiver would be in place until the student finishes their program.
- **UNDER FULL-TIME WAIVER/30 HOUR WAIVER** – – Non-Health majors who find themselves unable to obtain a full-time schedule because of course offerings, prerequisites, or have been awarded credit as a result of College Credit Plus or Articulated credit.
- **MEDICAL WAIVER** – Student must provide documentation that they are unable to attend class (or take a reduced schedule) for a period due to illness or other medical reasons. *Documentation must be collected from the student and submitted with the waiver*
- **MILITARY WAIVER** – Students who enlist in the Military can receive a Military waiver. The waiver typical puts the TFS on hold while they are in training or service. *Documentation must be collected from the student who is entering the military of when their military time starts and ends and submitted with the waiver.*
