Human Anatomy & Physiology Adjunct Faculty

NEEDED FOR SPRING 2027

North Central State College is seeking adjunct faculty to teach the following for Spring semester 2027:

Human Anatomy & Physiology II Lab (BIOL-2752L) This course is a continuation of BIOL 2751. It includes the study of structure and function of blood and the cardiovascular, lymphatic/immunity, digestive, respiratory, urinary, and reproductive systems. Laboratory exercises are designed to supplement lecture topics and include microscopy, the study of models, cat and specimen dissection, cadaver study, and physiological experiments.	Labs Available: • M/W 4:00-5:25PM • T/Th 1:00-2:25PM

Qualified applicants shall have:

- Master's degree in biology, or a Master's degree in a closely related discipline with at least 18 graduate hours in biology.
