

North Central State College

MASTER SYLLABUS

2026-2027

- A. Academic Division: Health Sciences
- B. Discipline: Practical Nursing / Associate Degree Nursing
- C. Course Number and Title: PNUR1030 Pharmacology
- D. Assistant Dean: Dr. Jason Tucker, Ph.D.
- E. Credit Hours: 2
- Classroom: 2 hours
 - Theory Hours: 25 total clock hours
- F. Prerequisite(s):
Co-Requisites: PNUR1012c; BIOL1730c
- G. Last Course/Curriculum Revision Date: Spring 2024 Origin date: Fall 2025
- H. Textbook(s) Title:

Required:

Pharmacology and the Nursing Process

- Authors: Lilley, Rainforth-Collins, Snyder
- Copyright Year: 2026
- Edition: 11th
- ISBN #: 9780443119415

NCSC Kaplan PN Program - ISBN: 8780000203435

Kaplan electronic resources are required for all PN courses: PNUR 1012, PNUR 1030, PNUR 2012, PNUR 2032, & PNUR 2050) and should only be purchased once per semester.

Suggested:

Dimensional analysis for meds: refocusing on essential metric calculations

- Author: Curren, Anna M.
- Copyright Year: 2022
- Edition: 6th
- ISBN: 9781284248623

Optional:

Davis's Drug Guide for Nurses

- Author: Vallerand, April Hazard; Sanoski, Cynthia A.
- Copyright Year: 2024
- Edition: 19th
- ISBN: 9781719650038

- I. Workbook(s) and/or Lab Manual: None

- J. Course Description: Pharmacology PNUR1030 provides an introduction to the study of drugs. This course focuses on basic drug classification, safe administration, contraindications, methods of action, and medication interactions associated with pharmacological management of clients. Foundations of basic pharmacology and math skills are explored, with emphasis placed on safe administration, no matter what the form of administration. The course incorporates the nursing process and prioritization of patient needs with special consideration to the physiological, psychosocial, cultural, and spiritual needs of the patient/client's effective drug therapy by disease and diagnosis.

- K. College-Wide Learning Outcomes:

College-Wide Learning Outcome	Assessments - - How it is met & When it is met
Communication – Written	
Communication – Speech	
Intercultural Knowledge and Competence	
Critical Thinking	
Information Literacy	
Quantitative Literacy	Dosage calculation test with analysis of findings – Quantitative Literacy VALUE rubric – Midterm

- L. Course Outcomes and Assessment Methods:

End of Program Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- I Function as a health team member under appropriate supervision.
- II Utilizes the nursing process when assisting the patient/client to reach optimal state of wellness throughout the life span.
- III Safely performs technical procedures based on knowledge of scientific and humanistic principles.
- IV Utilizes various communication methods in maintaining relationships with patients, families, and coworkers.
- V Adjusts to changes occurring in society in relation to health care needs.

Following each Course Outcome, the related End of Program Student Learning Outcome(s) are indicated by the Roman Numeral(s).

Upon successful completion of this course, the student shall:

Outcomes	Assessments – How it is met & When it is met
1. Utilize critical thinking and evidence-based practice to implement the five rights and nursing process to safely prepare and administer medications to clients. (I, II, III, IV)	Medication evaluation assignments Unit tests, Quizzes In class assignments Shadow Health Virtual Reality Assignments Midterm and Final Exam
2. Identify & apply knowledge of drug action, drug use, safe dosage with calculation, side effects, nursing implications and patient education for medication administration. (I, II, III, IV)	Medication evaluation assignments Unit tests, Quizzes In class assignments Shadow Health Virtual Reality Assignments Midterm and Final Exam
3. Identify collaborative practices within the interprofessional team to prevent adverse drug administration events and medication related errors. (I, II, III, V,)	Medication evaluation assignments Unit tests, Quizzes In class assignments Shadow Health Virtual Reality Assignments Midterm and Final Exam

Outcomes	Assessments – How it is met & When it is met
4. Implement professional responsibilities & standards of legal/ethical practice for the nursing role related to the medication administration process for diverse populations. (I II, III, IV, V)	Medication evaluation assignments Unit tests, Quizzes In class assignments Shadow Health Virtual Reality Assignments Midterm and Final Exam
5. Interpret nurse's role in medication therapy including supervision, delegation, teaching and potential for abuse utilizing therapeutic and professional communication. (I, II, III, IV, V)	Medication evaluation assignments Unit tests, Quizzes In class assignments Virtual Reality Assignments Midterm and Final Exam
6. Demonstrate competency & professionalism in safe performance of nursing procedures within current scope of practice including dosage calculations for clients of all ages. (I, II, III, IV, V)	Dosage Calculation Test Midterm; Medication evaluation assignments Unit tests, Quizzes In class assignments Virtual Reality Assignments Midterm and Final Exam
7. Explain drug action and use, safe dosages, significant adverse drug reactions, drug-drug and drug – nutrient reactions and nursing implications of drugs studied. (I, II, III, IV, V)	Medication evaluation assignments Unit tests, Quizzes In class assignments Virtual Reality Assignments Midterm and Final Exam

M. Recommended Grading Scale:

NUMERIC	GRADE	POINTS	DEFINITION
93–100	A	4.00	Superior
90–92	A-	3.67	Superior
87–89	B+	3.33	Above Average
83–86	B	3.00	Above Average
80–82	B-	2.67	Above Average
77–79	C+	2.33	Average
73–76	C	2.00	Average
70–72	C-	1.67	Average
67–69	D+	1.33	Below Average
63–66	D	1.00	Below Average
60–62	D-	0.67	Below Average
00--59	F	0.00	Failure

N. College Procedures/Policies:

North Central State College believes that every student is a valued and equal member of the community.* Every student brings different experiences to the College, and all are important in enriching academic life and developing greater understanding and appreciation of one another. Therefore, NC State College creates an inclusive culture in which students feel comfortable sharing their experiences. Discrimination and prejudice have no place on the campus, and the College takes any complaint in this regard seriously. Students encountering aspects of the instruction that result in barriers to their sense of being included and respected should contact the instructor, assistant dean, or dean without fear of reprisal.

- Inclusive of race, color, religion, gender, gender identity or expression, national origin (ancestry), military status (past, present or future), disability, age (40 years or older), status as a parent during pregnancy and immediately after the birth of a child, status as a parent of a young child, status as a foster parent, genetic information, or sexual orientation*

Important information regarding College Procedures and Policies can be found on the syllabus supplement located at

North Central State College
SYLLABUS ADDENDUM

Academic Division:	Health Science	Discipline:	Associate Degree Nursing & Practical Nursing
Course Coordinator:	Dr. Laura Gilmore, DNP		
Course Number:	PNUR/RNUR 1030	Course Title:	Pharmacology
Semester / Session:	Fall 2026	Start / End Date:	08/17/2026-12/11/2026

Instructor Information

Name:	Molly Kern, MSN, RN	Phone Number:	No campus phone
		E-Mail Address:	Mkern2@ncstatecollege.edu
Office Location:	Virtual	Office Hours:	By appointment

I. Topical Timeline (Subject to Change):

Weeks	Topics
1	Unit #1: Introduction to Pharmacology
2	Unit #2: Pharmacokinetics and Pharmacodynamics
3	Unit #3: Medication Administration and Safety
4	Exam 1: Units 1-3 Unit #4: Autonomic Nervous System
5	Unit #4: Autonomic Nervous System
6	Unit #5: Cardiovascular
7	Exam 2: Units 4,5, Unit #6: Respiratory Medications
8	Unit #7: Antibiotics and Antimicrobials
9	Exam 3: Units 6 & 7 Unit #8: Dermatologic, Otic, and Ophthalmic Medications
10	Unit #9: Analgesics
11	Unit #10: Endocrine Drugs
12	Exam 4: Units 8,9,10 Unit #11: Gastrointestinal
13	Unit #12: Antipsychotics & Anxiolytics
14	Exam 5: Units 11 & 12
15	Review for Final Exam
16	Comprehensive Final Exam

II. Course Assignments:

1. Exams (5 unit exams, 1 final exam)
2. Concept based assignments (In Canvas)
3. Quizzes (announced or unannounced)

Course Number: PNUR/RNUR 1030
Semester / Session: Fall 2026

Course Title: Pharmacology
Start / End Date: 08/17/2026 – 12/11/2026

4. Other assorted in and out of class assignments (TBD)

III. Grading and Testing Guidelines:

1. **Unit tests**
 - a. Five (5) unit exams will be administered, each covering content taught throughout the course.
 - b. All exams will contain dosage calculation questions.
 - c. Unit exams will be 50% of total course grade.
 - d. **Exam review is mandatory for any student who scores below 80%.**
 - Unless otherwise indicated, exam review will occur at the beginning of the next class period.
 - e. **Students must take all five unit exams to pass the course.**
2. **Final exam**
 - a. The final exam is a comprehensive exam covering content from all units. It is worth 25% of the final course grade.
 - b. **Students must take the final exam to pass the course.**
3. **Assignments**
 - a. Non-exam assignments will be designated by the course faculty.
 - b. Assignments will be worth 25% of the final grade.

IV. Examination Policy:

1. **The reasons for which a student will be excused from taking an examination:**
 - a. Hospitalization (with documented verification)
 - b. Death in the immediate family (with documented verification)
 - c. Personal illness or illness in immediate family - (provider's excuse required).
2. A student who misses an examination for **any** reason is responsible for:
 - a. Contacting the instructor **BEFORE** the exam when at all possible.
 - b. Correlate with the instructor for when the test date/time.
3. Exams missed for any reason other than those listed in item 1 may result in an automatic deduction of 10% off the test grade.

V. Class Attendance and Homework Make-Up Policy:

1. Class attendance is necessary to acquire the knowledge required to:
 - a. Obtain the necessary knowledge for passing the course, applying knowledge to nursing fundamentals, and having a basic understanding of nursing pharmacology to be a safe and effective entry level nurse.
 - b. Attending lectures is expected unless a class absence is approved in advance by the instructor.
2. Homework turned in after the due date may receive a zero unless advance arrangements are made with the instructor.

VI. Classroom Expectations:

1. Classroom etiquette
 - a. Being attentive to lecture, including being prepared and able to verbally participate when called upon.
 - b. Arriving to lecture on time and remaining in the lecture until its completion.
2. Participation
 - a. Asking thoughtful, relevant questions during and after lecture.
 - b. Joining planned and impromptu class activities such Kahoot! quizzes or breakout sessions, etc.

Course Number: PNUR/RNUR 1030
Semester / Session: Fall 2026

Course Title: Pharmacology
Start / End Date: 08/17/2026 – 12/11/2026

3. Announcements
 - a. Students are expected and required to review all Canvas announcements for important course information, changes, and adjustments.
