

North Central State College

MASTER SYLLABUS

2022-2023

- A. Academic Division: Health Sciences
- B. Discipline: Science
- C. Course Number and Title: BIOL2751 Human Anatomy & Physiology I
- D. Assistant Dean: Leesa Cox, MBA, PTA
- E. Credit Hours: 4
Lecture: 3 hours
Laboratory: 3 hours
- F. Prerequisites: High school chemistry with minimum C minus (C-) grade or CHEM1010 with minimum C minus (C-) grade; AND ENGL0040, MATH0084 (Minimum grade of C- for all) or qualifying placement test score. If the student has completed BIO121 and BIO122 OR BIOL1730 with a minimum grade of C, then the student is not required to have high school Chemistry or CHEM 1010
- G. Syllabus Effective Date: Fall, 2022
- H. Textbook(s) Title:
Visual Anatomy and Physiology
 - Author: Martini
 - Copyright Year: 2018
 - Edition: 3rd
 - ISBN #: 9780134394695
- I. Workbook(s) and/or Lab Manual:
Atlas of the Human Body (optional)
 - Authors: Martini
 - Copyright Year: 2015
 - Edition: 10th
 - ISBN #: 9780321940728
The Anatomy Coloring Book (optional)
 - Authors: Kapit and Elson
 - Copyright Year: 2002
 - Edition: 3rd
 - ISBN #: 9780133926989
Pocket Anatomy & Physiology (optional)
 - Author: Jones
 - Copyright Year: 2009
 - Edition: N/A
 - ISBN #: 9780803632813

- J. Course Description: This course is an in-depth study of the principles of human anatomy and physiology. It includes the study of structure and function of the body as a whole and study of cell biology, histology, the integumentary, skeletal, muscular, endocrine, and nervous systems plus the special senses. Laboratory exercises are designed to supplement lecture topics and include microscopy, the study of models, cat and specimen dissection, cadaver study, and physiological experiments. (OTM approved course in Natural Sciences TMNS)

K. College-Wide Learning Outcomes

College-Wide Learning Outcomes	Assessments - - How it is met & When it is met
Communication – Written	
Communication – Speech	
Intercultural Knowledge and Competence	
Critical Thinking	Given a homeostatic imbalance, predict the physiological responses (all body systems throughout the semester).
Information Literacy	Accessing course quizzes, tutorials, audio presentations and grades in Blackboard and faculty websites (throughout the semester).
Quantitative Literacy	Determination of alteration of cell membrane potentials (completion of the muscular and nervous systems).

L. Course Outcomes and Assessment Methods:

Upon successful completion of this course, the student shall:

Outcomes	Assessments – How it is met & When it is met
1. Describe the body planes and organization and apply these to appropriate models, drawings, and specimens.	Exams, quizzes, practical lab tests throughout the semester
2. Explain the basic concept of homeostasis.	Exams, quizzes, practical lab tests throughout the semester
3. Identify selected cell structures and explain their respective functions.	Exams, quizzes, practical lab tests throughout the semester
4. Summarize the steps of cell division and protein synthesis.	Exams, quizzes, practical lab tests throughout the semester
5. Describe, locate, and identify the basic tissues of the body and explain their functions.	Exams, quizzes, practical lab tests throughout the semester
6. Identify the organs of the integumentary system and describe the functions of the system.	Exams, quizzes, practical lab tests throughout the semester
7. Identify and describe the major microscopic and macroscopic anatomical components of the skeletal system, osteogenesis, repair, and functional contributions to movement.	Exams, quizzes, practical lab tests throughout the semester
8. Identify and describe the major microscopic and macroscopic anatomical components of the muscular system and explain their functional roles in body movement.	Exams, quizzes, practical lab tests throughout the semester
9. Identify and describe the major microscopic and macroscopic anatomical components of the endocrine system and explain their functional roles in communication, cellular control and integration.	Exams, quizzes, practical lab tests throughout the semester

Outcomes	Assessments – How it is met & When it is met
10. Identify and describe the major microscopic and macroscopic anatomical components of the nervous system and explain their functional roles in communication control, and integration.	Exams, quizzes, practical lab tests throughout the semester
11. Identify and describe the major microscopic and macroscopic anatomical components of the eye and ear and explain their functional roles in vision and hearing.	Exams, quizzes, practical lab tests throughout the semester

M. Recommended Grading Scale:

NUMERIC	GRADE	POINTS	DEFINITION
93–100	A	4.00	Superior
90–92	A-	3.67	Superior
87–89	B+	3.33	Above Average
83–86	B	3.00	Above Average
80–82	B-	2.67	Above Average
77–79	C+	2.33	Average
73–76	C	2.00	Average
70–72	C-	1.67	Below Average
67–69	D+	1.33	Below Average
63–66	D	1.00	Below Average
60–62	D-	0.67	Poor
00–59	F	0.00	Failure

N. College Procedures/Policies:

North Central State College believes that every student is a valued and equal member of the community.* Every student brings different experiences to the College, and all are important in enriching academic life and developing greater understanding and appreciation of one another. Therefore, NC State College creates an inclusive culture in which students feel comfortable sharing their experiences. Discrimination and prejudice have no place on the campus, and the College takes any complaint in this regard seriously. Students encountering aspects of the instruction that result in barriers to their sense of being included and respected should contact the instructor, assistant dean, or dean without fear of reprisal.

* *Inclusive of race, color, religion, gender, gender identity or expression, national origin (ancestry), military status (past, present or future), disability, age (40 years or older), status as a parent during pregnancy and immediately after the birth of a child, status as a parent of a young child, status as a foster parent, genetic information, or sexual orientation*

Important information regarding College Procedures and Policies can be found on the [syllabus supplement](#) located at

<http://catalog.ncstatecollege.edu/mime/download.pdf?catoid=5&ftype=2&foid=3>

North Central State College
SYLLABUS ADDENDUM

Academic Division:	Health Sciences	Discipline:	Biology
Course Coordinator:	Justin Tickhill		
Course Number:	BIOL2751	Course Title:	Human Anatomy & Physiology
Semester / Session:	Spring 2026	Start / End Date:	12 January thru 8 May 2026

Instructor Information

Name:	Alison Yasick (Lec and Lab instructor)	Credentials:	Doctorate of Philosophy Regulatory Biology
Phone Number:	4197554895	E-Mail Address:	ayasick@ncstatecollege.edu
Office Location:	Health Science 328	Office Hours:	See Announcements in Canvas
Name:	Justin Tickhill (Lab instructor)	Credentials:	Masters of Science in Biology
Phone Number:	4197554772 (do not use this)	E-Mail Address:	jtickhill@ncstatcollege.edu (use this)
Office Location:	Health Sciences 334	Office Hours:	See Announcements in Canvas
Name:	Linda Worley (Lecture Instructor)	Credentials:	Masters of Science in Education; Bachelors of Arts in Bacteriology
Phone Number:	See Announcements in Canvas	E-Mail Address:	lworley@ncstatecollege.edu
Office Location:	Online only	Office Hours:	See Announcements in Canvas

I. Topical Timeline (Subject to Change):

Week	Date	DAY	What is happening
Week 1	13 Jan	Tuesday	Lecture: Introduction to the class and the body (anatomical terminology)
	15 Jan	Thursday	Lecture: Life and its maintenance, Chemistry of Life and the Big 4 Bio-molecules
Week 2	20 Jan	Tuesday	Lecture: The Cell (Introduction and structures)
	22 Jan	Thursday	<u>ONLINE QUIZ 1 DUE (BEFORE CLASS)</u> Lecture: The Cell (membrane movement and Nucleic Acids)
Week 3	27 Jan	Tuesday	Lecture: The Cell (protein synthesis and other metabolic processes)
	29 Jan	Thursday	<u>ONLINE QUIZ 2 DUE (BEFORE CLASS)</u>
Week 4	3 Feb	Tuesday	Lecture: The Cell (life cycle) and Tissues (the Big 4 Tissue types)
	5 Feb	Thursday	<u>EXAM 1</u> (Through Cellular Respiration)
Week 5	10 Feb	Tuesday	Lecture: Epithelium in depth and the Integument
	12 Feb	Thursday	Lecture: Integument
Week 6	17 Feb	Tuesday	<u>ONLINE QUIZ 3 DUE (BEFORE CLASS)</u> Lecture: Connective tissue in depth and The Skeletal System

Course Number: _____
Semester / Session: _____

Course Title: _____
Start / End Date: _____

	19 Feb	Thursday	<u>EXAM 2</u> (Through Integument) Lecture: Skeletal System part 2
Week 7	24 Feb	Tuesday	Lecture: Skeletal System part 3
	26 Feb	Thursday	Lecture: Articular System
Week 8	3 March	Tuesday	<u>ONLINE QUIZ 4 DUE (BEFORE CLASS)</u>
	5 March	Thursday	<u>EXAM 3</u> (Through Articular System)
BREAK	10 March		<u>BREAK</u>
BREAK	12 March		<u>BREAK</u>
Week 9	17 March	Tuesday	Lecture: Muscle Tissue in depth
	19 March	Thursday	Lecture: Skeletal Muscle (Sliding Filament)
Week 10	24 March	Tuesday	<u>ONLINE QUIZ 5 DUE (BEFORE CLASS)</u> Lecture: Skeletal Muscle (Sliding Filament)
	26 March	Thursday	Skeletal muscle names and groups, Other muscle types
Week 11	31 March	Tuesday	<u>ONLINE QUIZ 6 DUE (BEFORE CLASS)</u>
	2 April	Thursday	<u>EXAM 4</u> (Through Other Muscle types)
Week 12	7 April	Tuesday	Lecture: Endocrine System (which tissue)
	9 April	Thursday	Lecture: Endocrine part 2
Week 13	14 April	Tuesday	<u>ONLINE QUIZ 7 DUE (BEFORE CLASS)</u> Lecture: Endocrine part 4
	16 April	Thursday	<u>EXAM 5</u> (Through Endocrine part 4)
Week 14	21 April	Tuesday	Lecture: The Central Nervous System 1
	23 April	Thursday	<u>ONLINE QUIZ 8 DUE (BEFORE CLASS)</u> Lecture: The Central Nervous System 2
Week 15	28 April	Tuesday	Lecture: The Central Nervous System 3
	30 April	Thursday	Lecture: The Peripheral Nervous System
Week 16	5 May	Tuesday	<u>ONLINE QUIZ 9 DUE (BEFORE CLASS)</u> Lecture: Special Senses
		Thursday	<u>ONLINE QUIZ 10 DUE (BEFORE CLASS)</u> <u>(comprehensive)</u>
			<u>FINAL EXAM</u> (comprehensive)
	7 May		16% of overall grade

II. Course Assignments:

100 points) The lab section will have points associated with a Pre-lab activity and a Post-lab activity

50 points) for being present and completing the lab attendance. More details will be made available in your lab section (Check there).

Course Number: _____
Semester / Session: _____

Course Title: _____
Start / End Date: _____

50 points) for being present and completing the LECTURE attendance. More details will be made available in your lecture section (Check there).

180 points) There will be ten (10) quizzes given throughout the semester. Each quiz will be worth 20 points and the lowest quiz will be dropped. Quizzes CANNOT be taken after the due date. If you miss a quiz, consider it your dropped quiz.

500 points) There will be five (5) lab exams during the semester, each will be worth 100 points. These will be fill in exams based on materials, images or scenarios presented in the lab section.

800 points) There will be five (5) module exams for modules 1-5. Each Module exam will be worth 160 points. This will total 800 points for the semester.

320 points) The FINAL EXAM will contain questions covering the entire semester. It will have a large section devoted to the module 6 materials as well. This exam is worth 320 points.

This means that there are 2000 points available for the semester.

III. Grading and Testing Guidelines:

Academic Dishonesty/Plagiarism

Cheating is not necessary, nor will it be tolerated. I care about your work and the integrity of this course. You owe it to your future patients to be knowledgeable and trust worthy. Cheating takes both of these from you and makes you **dangerous** in the Health Care field.

Cheating will result in failure of the assignment, and could possibly result in failure of the course and per college student conduct procedures, may result in dismissal from the college.

Exam Procedure: ALL students will be expected to take the exams at the same time (unless one of the "Excused Absence Policy (page 5)" is met). This is for a number of reasons but most importantly SO I CAN HELP YOU IF SOMETHING GOES WRONG. I will be ONLINE monitoring each EXAM as you take it, fixing any issues as they arise. I want to be there to help you and I cannot be there a 3:00AM. I want you to know that I care and I am there for you. We will set the exam time as the normal lecture course time. Exams will be taken via the learning management system, Canvas.

Quiz Procedure: Quizzes can be taken at any time **BEFORE** the due date. After the due date, I will be opening the answers for you to check your work. This will prevent me from being able to open a quiz after the due date. If something that would be covered in the "Excused Absence Policy (page 5)" occurs, CONTACT ME (see Hello, Who am I? Who are you? (page 1) for contact information) and we will find a fair solution (fair to ALL students, not just you).

Late Policy: I do not accept late work. Please note time frames and plan accordingly. Please contact me if something occurs that is covered in the "Excused Absence Policy (page 5)"

VI. Classroom Expectations:

Course Number: _____
Semester / Session: _____

Course Title: _____
Start / End Date: _____

All communications & conduct in this course is subject to the NC State Student Code of Conduct

General Professionalism Expectations

In general, as a future professional in your field, **you will be expected to conduct yourself as a professional in this course in ALL communications** - assignments, discussion forums, Canvas Inbox, emails etc.

This expectation includes *but is not limited to*:

- **Being respectful of classmates' opinions, work and comments**
Good test = Is this something I would/should say to a co-worker in person?
- **Being respectful in communications with the instructor**
Good test = Is this something I would/should say to my boss in the workplace?
- **Being respectful of diversity**
Good test = Is this a comment/joke that is at some other groups, ethnicity, political etc. expense?
Note: Offensive "jokes", slurs or hate speech will NOT be tolerated
 - **This will immediately escalate to a second level offense if it occurs.**
- **Using Non-Profane, Appropriate Language**
Good test = Is this language you would use in the workplace or in front of your grandmother?
- **Using proper. NON-"Text speak" Language to make Yourself Easily Understood**
Good test = Could my older boss understand what I have written?

Consequences for Failure to Meet These Expectations

Failure to meet these standards will result in the following consequences in this course:

1st Level=

Written warning from the instructor documenting issue
(No points deductions)

2nd Level=

Mandatory meeting with the instructor and or Department Chair or Division Dean
(Related assignment/Participation subject to Point Deductions)

3rd Level=

College Disciplinary procedures filed with the NC State Judicial Committee as a violation of the [NCSC Student Code of Conduct \(Links to an external site.\)](#).
(Course Grade subject to F)

NOTE: For an extreme single incident of disruptive unprofessional behavior I reserve the right to go directly to initiating college disciplinary procedures

NCSC Disciplinary hearings can result in a variety of consequences, including and up to suspension or being expelled from the college.
